

## About Everest's Prestigious Authors

**Dr. Santosh S. Chhajed** is working as Associate Professor at Mumbai Education Trust's Institute of Pharmacy, Adgaon, Nashik. Dr. Santosh Chhajed is having teaching experience of 13 years of various Pharmaceutical Chemistry subjects at undergraduate as well postgraduate level. Dr. Chhajed has guided 20 scholars for their M.Pharm. Professor Chhajed has to his credit 7 books on pharmacy and has published 30 papers in national and international journals of repute. He is life member of Association of Pharmacy Teachers of India. Professor Chhajed is in receipt of Best Research Guide award in state level conference held in MET's Institutional Pharmacy in 2017. Dr. Chhajed is in receipt of Best Teacher Award 2018 from Mahavir International, Nashik chapter. He is nominated as "Focal Point" by European Commission for Horizon 2020 award projects. He has also acted as a reviewer for proposals submitted to the 2017 FONDECYT regular competition, by Chilean National Science and Technology Commission Santiago, Chile.

**Dr. Virupaksha Bastikar** is currently working as an Assistant Professor in the Department of Biotechnology at Amity University, Mumbai, India. Professor Bastikar is having teaching and research experience of about 15 years. He has done his Ph. D from JNU, Rajasthan in collaboration with University of Rome, Tor Vergata, Italy. He is in receipt of prestigious fellowships like: Erasmus Mundus mobility for Life fellowship at University of Rome, Tor Vergata, Italy and Euphrates Post Doc Research Fellowship at Vilnius University, Lithuania. He has published around 15 research papers in national and international journals of the repute. He has written two book chapters.

**Mrs. Alpina Bastikar** is currently working as Research Associate in Computer Aided Drug Design Department at Navin Saxena Research and Technology, Gujarat. Earlier she has worked as an Assistant Professor at Elphinstone College, Mumbai and Dr. D.Y. Patil University, Mumbai. She has Core competency in teaching subjects like Biochemistry, Analytical techniques, Immunology, Biotechnology, Systems Biology, Metabolomics. She is familiar and conversant with CADD/Molecular Modeling tools like VLIEMDS, SYBYL, SCHRODINGER, ACCERYLYS, AUTODOCK, GROMACS and NAMD. With demonstrated capability to implement computational skills in the area of Mathematics, Computational Biology, Proteomics and Drug Design in addition to Microbiology and analytical techniques. Mrs Bastikar is in receipt of Erasmus Mundus mobility for Life fellowship at University of Rome, Tor Vergata, Italy.

**Debarshi Kar Mahapatra** is currently an Assistant Professor at Department of Pharmaceutical Chemistry, Dadasaheb Balpande College of Pharmacy, RTM Nagpur University, Nagpur, India. He has taught medicinal and computational chemistry at undergraduate and post-graduate levels and has mentored students in their various research projects. His area of interest includes computer assisted rational designing and synthesis of low molecular weight ligands against druggable targets, drug delivery systems, and optimization of unconventional formulations. He has published research, book chapters, reviews, case-studies in various reputed journals and presented his works at several international platforms, for which he has received several awards by a number of bodies. He has also authored a book entitled Drug Design and edited a book entitled Handbook of Research on Medicinal Chemistry. Presently, he is serving as reviewer and editorial board member for several journals of international repute. He is a member of a number of professional and scientific societies like ISID, ISCA, ISPOR, SPER, and ISEI.
